Monday 8<sup>th</sup> January

Welcome back to school after what I'm sure has been a fun packed Christmas Holidays! We hope that all of our children and families enjoyed a good rest and are returning to school ready to get learning once more!

## Flash Back

The last week before the holidays was super busy, with Y3, 4, 5 and 6 performances. The children blew us all away with their confidence and did so well to learn lots of lines and songs. It was great to have so many parents in school enjoying these performances too – thanks for joining us!

All children enjoyed buffet lunches and Christmas parties in the last few days of school.

Y2 parents joined their children for a woollen wreath making workshop and EYFS hosted two 'Bling a Bauble' events, and lots of parents came to join their children for some lovely Christmas crafts.

On the very last day of term, Santa himself took time out of his busy schedule to come and see KS1 children and deliver books to each of them. KS2 classes were also given books to enjoy as a class in school after half term.

Y5 children planned and ran their own enterprise event, Cuppa, Cake and Craft too, raising money to help pay for Mr Egypt to come and visit their class this term. Thanks to all of the parents that attended and supported the event.

## Attendance

Well done to our winning class, 5LW, with 98.4% in the last week of term.

100 children managed to get 100% attendance for the whole of the Autumn term.

188 children achieved 100% for Autumn 2.

## Looking Ahead

This half term is set to be brilliant, with lots of exciting opportunities for you to get involved in your children's learning through our planned family learning opportunities.

As promised, the dates for this half term were shared before the Christmas holidays, but they'll be shared weekly too on the reverse of the newsletter as always. We hope that this will make it easier than ever for you to be able to join us.

Please do keep checking Google Classroom regularly too, as teachers may choose to open their classrooms for extra drop in opportunities for you to join such as Mega Maths sessions. These will be in addition to the main planned event for each class this half term.
